Forward

Dubai is a rapidly expanding Emirate, and the Government places great emphasis on providing quality services. The main role of DM is to formulate the Emirate's urban strategic plans as well as the provision of essential infrastructure, environmental and health services for the continued development of Dubai as a modern, safe and dynamic Emirate. The DM, through its Dubai Accreditation Department (DAC) undertakes assessment and accreditation of various Conformity Assessment Bodies (CABs) according to International Standards, guidelines and world best practices.

The Dubai Accreditation Department, hereinafter referred to as the DAC, is the sole authority for the granting, maintenance, suspension or withdrawal of accreditation.

This document provides information about the official DAC Publications; it has been prepared by DAC and was approved by DAC Director in May 2006, it is subject to revision whenever deemed necessary.

It is the responsibility of the DAC to ensure that the latest version of this document is available for reference. The copyright of this text is held by DAC, copies cannot be sold and DAC publications are not allowed to be photocopied or electronically reproduced by DAC assessors and accredited CABs unless permission is given by DAC, the Printed copy of DAC publications documents shall be treated as 'Uncontrolled'. Always refer to the controlled version available on DAC web site.

The official language of DAC publications is English, translations into Arabic or other languages can be made upon need and only the translation made by DAC is deemed official. In that case, acknowledgement must be in the translated edition to the relevant English edition, which shall be the definitive version.

DAC is entitled to revise these publications at any time as necessary and required either by new relevant Laws and Requirements or when new accreditation services were added to DAC scope of work.
